INCRETE SPRAY-DECK

THE ECONOMICAL SOLUTION

THE PERFECT COVER-UP FOR OLD AND UNSIGHTLY CONCRETE

Increte Spray-Deck is the cost-effective and easy way to create a colorful, textured surface over unattractive or dull, structurally-sound concrete without the mess and expense of full removal. This spray-on overlayment is durable and easy to maintain and has the look of brand new concrete. With unlimited color choices, Increte Spray-Deck will restore the look of areas such as pool decks, driveways, patios, lanais, walkways, entryways, and more. At 6000 psi, Increte Spray-Deck is resistant to abrasion and perfect for high traffic areas where a decorative finish is desired.

Increte Spray-Deck brings new life to dull or worn concrete. Color and interesting textures can be created on plain surfaces, either horizontal or vertical. The highly textured surface is slip resistant and a sealed finish helps prevent staining. Easy to clean and maintain, it also stands up to cold winters as well as hot summer sun.

Ideal for: Driveways | Walkways | Entryways | Patios | Pool Decks | And more!
